TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine Ode Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate rosy hue to the complexion. As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Hanel's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and by this method alone, effectually dissipates all redness, tan, pimples freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most bilious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

PRINTING.—Go into one of our civic printing office from which is daily leaping forth the bright impress of the editorial mind in characters that shall never fade or die. Behold the swift-winged Mercuries of the Press visiting every temple of science, every edifice from which knowledge can impart its stores, gathering it together, and sending it forth anon to the thousand of minds, in which it is immortal. There is more to astonish the mind itself, much more in one of those printing offices, than in the catacombs of Egypt, the Sablo Maji of the east, the Sages of antiquity, or the hidden oracles of the Delphi—these morning and these evening sheets, going forth abroad into the world, assimilating mind with mind, and making man the neighbor of his fellow-man, in spite of distance, mountains or intervening seas. Here then, in "the art preservative of all arts," do we find the germ, the element, the living material of earthly history, and the triumph of mind over matter.

God was the first printer. He gave from His awful hand, amid the thunders and blackness of Sinai, the Tables of stone on which was printed the mind of God, the decalogue of all moral law, the claims of man upon man, and of God upon all.

Printing is the art that shall hand down to the latest years, to the remotest posterity, to innumerable millions yet unborn, the thoughts of men living now; of those who lived centuries ago; they defy time, and the printed inscriptions of these men shall live, too full of soul to be put into the same grave with their perishable bodies. It was a bright thought of that author who in his dying moments was just able to ask if the proof of his last work was corrected—"all corrected?" "Yes, all." "Then I shall have a complete edition in glory."—J. N. Moffit.

THE VAMPIRE BAT OF BRAZIL.—There is one enemy which sometime approaches even a hammock, and takes a tribute from the unconscious sleeper; this is the "Vampire Bat." During the day they sleep in the tiles of the roof, but they go forth at sunset. Some of the largest measure upward of two feet across the wings, but generally they are smaller. Of their fondness for human blood, and especially that particular portion that constitutes the *animus* of the great toe, from personal experience I am unable to vouch; but every one in the country is confident of it; and a number of gentlemen at different times assured us that they themselves had been phlebotomized in that manner, nor knew of the operation, until a bloody hammock offered indubitable evidence. They spoke of it as a slight affair, and probably the little blood that is extracted is rarely an injury. If the foot is covered, there is no danger, or if a light is kept burning in the room; and often we have slept unharm-ed thus guarded, when bats were flitting about and squeaking the night long. Cattle and horses are not so easily protected; and a wound once made, the bat returns to it every night, until the proper precautions are taken, or the animal is killed by the loss of blood.—*Edwards' Voyage up the River Amazon.*

The editor of the New York Tribune thus describes the present personal appearance of Henry Clay, whom he saw at Cape May:—

"Tall and erect as ever, his noble countenance bears traces less of years than sorrow, and when these are momentarily chased away by the tide of buoyant and generous emotion, which accompanies the recognizing grasp of some friendly hand, he appears not perceptibly older than when he visited our city eight years ago—hardly so careworn as when last in Congress, battling with the whirlpool of calumnies and treacheries which began with and followed the death of Harrison. His hair is just gracefully streaked with silver, while his face is unwrinkled and his step has the elasticity and vigor of youth."

A WIDE SWATH.—On Wednesday of last week says the Amherst Express, there were mowing in the same field in Wendell, four generations of a family named Wilder, consisting of a great grandfather, grandfather, father and son. The oldest was ninety-six and the youngest ten years of age.

The Corporation of Boston has refused to pay the reward of \$3,000 offered for the arrest of Tirrell, the murderer of Maria Bickford, on the mean quibble that as he was not convicted of the murder, but acquitted on the plea of Somnambulism, he was not, therefore, in law, the murderer. It was admitted that Capt. Youenness, the New Orleans officer who arrested him, was in equity entitled to the reward.

Setting a man-trap is the title given to a picture of a very pretty young lady arranging her curls at a mirror.

Roake's Iodine Liniment.

A SAFE and certain cure for Rheumatism, either chronic or inflammatory—Paralysis, or loss of the use of the limbs, contractions of cords and muscles, and gout, it matters not of how long standing; sprains, bruises, tumors, hard swellings, and enlarged joints, yield to a few applications of this Liniment. THE DAILY NEWS.

Newport.

SATURDAY, SEPTEMBER, 4 1847.

BY O. F. JACKSON, 97-THAMES ST.

New-York, Sept. 2d, 1847.

FRIEND JACKSON:—Since my last, there has been nothing new or strange occurring. The weather has been most delightful for some days past. A heavy rain night before last was succeeded by a warm sunshine yesterday, and the heat was extremely oppressive. The mercury stood at 80 at noon in the shade.

The tide is setting towards Gotham, and brings with it crowds of stry ones, who have been abroad, seeking pleasure, and in the fruitless search have been led farthest from the only place where true-pleasure and comfort can be found. To be cooped up in a hotel, together with three or four hundred others, may be fun for some, but for me, home is the place. Some can imagine that there is pleasure in being lodged in a barn at night, provided they can mix with the Japonicadomites at dinner, and at the balls, hops, &c. To such I say, consult your own fancy; but a candid acknowledgment will prove that home is the place, after all.

It is no longer unfashionable to be seen in the city. You can walk abroad without fear of being put down among the vulgar home bodies who did not go to the Springs or to Newport, and not fit to associate with those who did; and unless the person or persons so marked happen to possess a pretty fair share of money or impudence, it will take a whole season to regain their former position in society.

People possessing more tact than cash, but who still manage to keep up the appearance of being "one of 'em," now crawl out of their back rooms, where they have been blooming in almost utter darkness, can be seen once more at their front windows, while door-knobs and brasses are being well rubbed, and begin to glitter again. The Croton renews its acquaintance with dusty panes of glass, and side-walks are washed down once more. The light is let into dark parlors, and all the various forms of house cleaning are gone through with. A short season of operas, theatres, soirees, &c., and away they go again.

Mr. P. M. G. Cave Johnson is getting the mails in a pretty considerable of a fix, and if Polk does not give him leave of absence for the remainder of the term, somebody will start a pony express on all the principle routes. A tortoise or turtle line would be preferable to present arrangements.

The Celestials who assaulted Capt. Kellett a few days since are still in durance vile. The cause of the assault, it is said, was ill-treatment. A Chinaman don't like cross words, and why should they? Kind words are as cheap and far more serviceable.—They never cause trouble, and often accomplish much. Soft words soften our own soul, and if I were John Chinaman I would not tamely submit to cross words and ill-treatment.

Theatricals flourish here. The Park is crowded every night to see Forrest, the pet of the nation. Mrs. Shaw is the bright particular star at the Bowery, and draws well.

We are looking anxiously for the French steamship New York. She is now over due some days. I hope to hear from her soon, all well.

No news from the seat of war. Old Zack still sits on his oars, while the hero of Cerro Gordo is pushing on the column towards the city of the Aztecs. Success attend them and our arms forever.

Yours ever, RAMBLER.

ARRIVAL OF THE CALEDONIA.—The steamship Caledonia sailed from Liverpool on the 14th ult. and arrived at Boston on the 2d inst.

The news is but five days later than that received by the Guadalquivir, and nothing of great importance had occurred during that time.

There had been a slight change in the price of breadstuffs, as follows:

August 13.	August 17.
Per Guadalquivir.	Per Caledonia.
American wheat 8 6 a 9 0	8 0 a 8 6
Indian corn 26 0 a 30 0	25 0 a 30 0
Wheat 14 0 a 14 0	13 0 a 14 0
Wheat flour 26 0 a 27 0	25 0 a 26 0

Wheat was firmer, but dull.

The pressure in the money market is considerably affecting trade in the manufacturing towns.

The new Irish Poor Law has just gone

into operation, and threatens to sweep away a large mass of bankrupt proprietors, and give an opportunity for the peasants to get hold of the soil. The force exhibited by the Young Ireland party at this election, gives reason to believe, that the day is near when England must do justice to Ireland by relieving her from hierarchy and landocracy, or see things more terrific than famine.

"CITY" ITEMS.

In another column will be found the Order of Arrangements for the Odd Fellows' Celebration which is to take place in this town on Thursday next. It will be seen that the procession is to move from the Mall up Broad street to Spring, down Spring street to Franklin, down Franklin street to Thames, up Thames street to Baptist street and up Baptist street to the North Baptist Church, where the exercises will take place.

Arthur McArthur, Esq., the Orator of the day, is said to be a very fine speaker, and very eloquent. He is a New York city Lawyer.

SAD DISASTER.—On Monday morning last the boiler of the engine in the log-wood extract mill of the Messrs. Sanford, at Stamford, Conn., exploded and killed four men. Of these, one was William Henry Downing, son of Mr. Benjamin Downing, keeper of Eaton's Neck Light House. He was about 21 years of age, and has left a wife and child to deplore this irreparable loss. He was a painter, and was at work on the outside of the building.

His remains were brought to this town, his late residence, for interment, and his funeral was attended on Thursday by the members of the two Lodges of Odd Fellows, "Ocean" and "Rhode Island," out of respect for his father, who is the oldest P. G. now living in the United States.

OUR "JUNK."—If we can't have the real "Junk" in our harbor we can have the French steamers, or one of them, at least which answers every purpose of the Chinese Junk, for we doubt not she has created as much excitement here, and been visited by as many people as the Junk would have been.

Monsieur Dagneur, the commercial agent who came out in the French steamer New York, gave us some French papers yesterday, which he brought for his own reading. We make the following extracts:

La Patrie of Aug. 15, says:—The Prince de Joinville is expected at Toulon tomorrow, and in consequence of an indisposition not serious, but demanding careful attention, the King's first surgeon is ordered to meet him at that place.

The son of the Emperor of Brazil, presumptive heir to the throne, has just died, aged 27 months.

Queen Victoria, Prince Albert and suite left Osborne House (Isle of Wight) on the 12th, for Scotland.

Mr. Klein, sent to Bogota to treat with the Government of New Grenada for the grant for a railroad across the Isthmus of Panama, is on his return to France, having been completely successful in his mission. The work will be soon commenced under the direction of the Engineer, Mr. Courtines.

The naval school at Brest is to have a steamship, to accustom the pupils to the management of this kind of vessel.

On the morning of the 9th ult. the English vessel Charles Amberston, Sirettel, Commander, which left Rotterdam on the 6th inst. for New York, with 193 passengers, went ashore not far from Calais. The passengers were immediately taken off by fishing boats sent to their assistance.

A letter in Le Moniteur, from the department of the Jura, says: The Hay crop just gathered in on our high mountain is generally good; but that of wheat, not yet in, will surpass it both in quality and quantity. All kinds of grain promises well. The potatoes, which have safely passed the flowering season, generally show stalks thick and green, without any symptoms of disease.

A letter from Stuttgart (Wuerttemberg) of Aug. 8th says: Our government has just revoked the decree of last year, by which the German Catholics were denied participation in the choice of municipal officers, and themselves held ineligible to such offices.

There is at this time building in the shipyard of the village of Asniers an iron vessel of quite large dimensions.

THE ELECTION.—New Shoreham gave Thurston 94 votes, and Uplike 81, Thurston's majority over Uplike in the District is 68.

THE INTERCEPTED LETTER FROM THE ADMINISTRATION TO GEN. SCOTT.—The N. O. Picayune gives from the Jalapa Bulletin of the 6th of August, what purports to be the intercepted letter to Gen. Scott from the Cabinet at Washington, copied from the Republic of the Capital. The dates of the letters are omitted. After stating the financial difficulties of the Government, and the consequences, with the difficulty of raising the force demanded by Gen. Scott, the letter proceeds: "I much fear you will have to remain in the centre of Mexico, in a state of inactivity. Very unexpectedly, also, the fate of Gen. Taylor is entrusted to your skill and foresight, confident you will employ well the resources at command, those we furnish you hereafter in fomenting the desirable revolution you announce, which is to open the gates of Mexico, and put the enemy in a false position. By the 4th of June you will have lost time enough. Then obtain an armistice and by amusing these people with propositions of peace, and neutralize meantime the movements of the guerrillas, who seem much to annoy you."

La Patria re-publishes the proclamations of the President of Honduras and Gen. Ferrera, asking Central America to aid the Mexicans against the United States.

The Telegraph left New Orleans for the Brazos on the 30, taking Capt. Clinch and a detachment of recruits; Capt. Randall, of the Paymaster's department, with three hundred thousand dollars in gold, and several officers of the army.

THE ESCAPE OF PAREDES.—From Vera Cruz we learn that Senor Atocha met Gen. Paredes after the latter landed, and recognized him. Paredes is understood to have signified to him by a sign to "keep dark," and the handsome senor did so for an hour or more—at all events until the distinguished Mexican passed out of the city's gates. We have seen these facts written from Vera Cruz, by a gentleman of sense and discretion. From him we learn, too, that Senor Atocha held a situation in the customs at Vera Cruz, from which he had been promptly dismissed for conniving at the escape of Paredes. We learn, too, that Capt. Clark, the port Captain at Vera Cruz, has been dismissed from his post for remissness in this affair of Paredes. We mention this and what we have said above of Atocha, on the authority of a private letter from Vera Cruz, from a gentleman who would not mislead us, and who should be very well informed. It is his opinion that the English have had a more direct agency in the business than the facts yet developed show.—N. O. Pic. Aug. 24.

ARMY INTELLIGENCE.—The following vessels were to leave last night for the seat of war; the steamship New Orleans, for Tampico, with five companies of the 2d regiment Illinois Volunteers, under the command of Lieut. Col. Hicks. The chartered steamship Mary Kingsland, for Vera Cruz, with one company 2d regiment Illinois volunteers, and Capt. Connolly's company of Louisiana mounted volunteers. The U. States steamship Massachusetts was also to leave for the same destination, with the remaining four companies of the 2d regiment Illinois volunteers, under the command of Col. Collins.

The steamship Telegraph will probably leave to-day for the Brazos, with a detachment of recruits, under command of Capt. Clinch, of the 12th Infantry. Col. Randall of the Pay Department, goes out in the Telegraph with funds for Gen. Taylor's column.—N. O. Delta 24th ult.

During Commencement exercises at Brown University on Wednesday, twelve prisoners escaped from Providence Jail, among them Hicks, sentenced to be hanged in November for murder.

We learn verbally, says the Natchitoches Chronicle of the 14th, that Mr. Russell, editor of the Red Lander was killed a few days ago in San Augustine, Texas, by Mr. Kendall of the San Augustine Shield. A very bitter newspaper controversy had been going on between the parties for several weeks and finally led to the shedding of blood. Report says that Mr. Kendall and Mr. Russell fired three shots at each other without effect, and that in a day or two they met again, when Mr. Russell fell mortally wounded.

The new patent elastic garters are all the rage. So the Boston Post says.

SANDS SARSAPARILLA.—This medicine is constantly performing almost incredible cures of diseases arising from impurities of blood. The unfortunate victim of hereditary disease, with swollen glands, contracted sinews and bones half-crazed, has been restored to health and vigor. The

serofulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole. Hundreds of persons, who had groined hopelessly for years under cutaneous and glandular disorders, and chronic rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time, and were it desirable, a mass of the most overwhelming testimony could be brought forward proving most conclusively its inestimable value.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y.

Sold also by Dr. R. R. Hazard and R. J. Taylor Newport, by J. Russell, Fall River, by C. Dyer, Providence, and by Druggists generally throughout the United States.

Price \$1 per bottle. Six bottles for \$5.

Exeter, Me., Sept. 30, 1845.

OPINION OF A REGULAR PHYSICIAN.—This certifies that I have recommended the use of WISTAR'S BALSAM OF WILD CHERRY for diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases, where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician at Exeter Corner.

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine, are, in every respect, TRUE.

BEWARE OF COUNTERFEITS AND IMITATIONS.

The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused unprincipled counterfeiters and imitators to plan offspurious mixtures, of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR. WISTAR'S BALSAM OF WILD CHERRY. None genuine, unless signed by I. BUTTS. Address all orders to SEYM. W. FOWLER, Boston, Mass. For sale by R. J. TAYLOR.

PROCRUSTATION IS THE THIEF OF TIME.

Delay is dangerous—neglect that Cold and Cough a few weeks and the hope of recovery will be lost to you forever. Let not pecuniary consideration deter you from trying to save your life and health, while there is a chance. Consumption is annually sweeping off thousands to the tomb; no disease has baffled the skill of Physicians like it; no Physician, perhaps, has done more for this large class of suffering humanity, than Dr. Wistar. An ounce of preventative is worth a pound of cure, therefore before your lungs become ulcerated, and so diseased that no human means can save you from an early grave, try in season, try at once, a medicine which has been of such infinite value to thousands—obtain a bottle of Dr. Wistar's Balsam of Wild Cherry, take it, get another, if necessary, persevere in using it, until you have removed the disease entirely, which if neglected will terminate your life. Be not deceived by quacks, with their imitations and counterfeits; buy none but the genuine and original, which is signed I. BUTTS on the wrapper.

Radway's Chinese Medicated Soap is superior to all imported French, Berlin, and other

Soaps. Tan, sunburn, pimples, blotches, pustules, ring-worm, salt rheum, erysipelas, rash, scurvy, the bites and stings of musquitoes, rough and discolored skin, pale and sickly complexion all yield to the curative propensities and beneficial influence of this valuable and delicious emollient. In fact, be the complexion ever so disfigured, or the skin discolored or diseased, Radway's truly excellent medicated soap never fails in rendering the skin soft, smooth, fair, sweet, clear and healthy. Many persons suffer great annoyance during the summer season from the troublesome insects musquitoes. Those persons, subject to those annoyances, by applying Radway's soap to such parts of the cuticle as is bitten, it will instantly alleviate the pain, subdue the irritation and instantly remove every vestige of blemish. For general toilet soap it is unequalled, it proves an agreeable perfume, and is entirely free from all poisonous admixtures, or irritating ingredients. It is much cheaper than any other medicated soap, and is acknowledged by thousands to be superior to all others ever offered to the public. No Chinese Medicated Soap is genuine unless signed, R. G. Radway. Be sure to ask for Radway's Soap, and take no other. Sold for 12½ cents per cake, by Dr. R. J. Taylor.

JONES'S SOAP.

Those freckles, too, you know they'd quickly fly If Jones's Soap you'd use; come once—do try—It costs but fifty cents, and I am told

It's worth, ay, doubly worth, its weight in gold.

Persons who have had no faith in it, have been astounded at the wonderful effect of Jones' Soap—That is, the genuine Jones' Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

GENUINE BEAR'S OIL.
Highly Perfumed.—Perhaps
our ladies and fashionables are
not aware that three-quarters of
the "Bear's Oil," (so called) with
which they anoint their locks, wondering that it
does them so little good, is nothing in the world
but hog's lard, so highly scented as to escape de-
tection, save on close examination. This, howev-
er, is simply the fact, and one that ought to be
known. The only safe way is to purchase your
Bear's Oil of HENRY JOHNSON, who gets it
direct from Canada and the North Western Terri-
tory, and who never sells an ounce until he knows
it to be genuine. The Real Bear's Oil is a won-
derful beautifier and strengthener of the hair, and
should be used by every one desirous of beautiful
locks.

in excellent condition throughout the season.
Merchants, travellers, and citizens generally,
are invited to favor the subscriber with a call, as
he believes his establishment offers peculiar ad-
vantages which need only to be seen to be appre-
ciated.

**CLOVE ANODYNE TOOTH-
ACHE DROPS.**—The Clove An-
odyne is the best of all Tooth-
ache remedies. It is immediate
and certain in its effects, curing
the most violent tooth-ache, or
pain in the gums in ten minutes.

Experience has proved that
this Anodyne composition will give immediate
and permanent relief, after the failure of every other
remedy; it is pleasant to the taste and smell; will
not injure the teeth or gums in any way, and a
few applications will entirely renovate the pain
and soreness from a decayed tooth, so that it may
be filled and rendered useful as ever. When the
pain proceeds from the face or gums around a
tooth apparently sound, this application will give
immediate relief, by rubbing a few drops to the
part affected. Price 25 cents. Prepared and sold
by HENRY JOHNSON, Chemist and Druggist,
273 Broadway, corner of Chambers street, in the
granite building. Sold in Newport by R. R.

JULES HAUDEL'S celebrated **PERSIAN, or CHINESE POWDER**, which is unequalled for the nursery, for restoring, beautifying, preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chapping and obviating too copious perspiration. Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet.
How much the beauty of a Sylph-like form is enhanced by a clear and brilliant complexion, is only known to those who are suffering from freckles, pimples, blotches, morpew, and other disfigurements of the skin, occasioned by the use of powder decorated with sweet names, such as Lilly White, Pearl Powder, &c., too often made of deleterious substance. To those we would say make a trial of this Cosmetic, and your complexion will be rendered beautifully clear, fair and blooming. Ladies are Cautioned
AGAINST using Common Prepared Chalk. They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how yellow, and how unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!
We have prepared a beautiful vegetable article, which we call **JONES' SPANISH LILLY WHITE**. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts says:—"After analyzing Jones' Spanish Lilly White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying."

Hyer's Pills.
The American Improved Hygienic Vegetable Medicine.
SAFE, CHEAP AND EFFECTIVE.
This medicine makes no pretensions to miracle. It has powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by common sense from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.
A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.
General depot 140 Fulton-st., 2d floor, N. York between Nassau and Broadway.

Sold by **RIDER**, Confectioner, 67 Thames-st., Newport; and **J. H. TAYLOR**, Druggist 53 North Main-st., Providence, R. I.
A pamphlet setting forth its uses and containing valuable testimonials, may be had gratuitously at the general depot, and of agents. Procure and read it.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.
THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.
The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing **BALDNESS AND GREY HAIR**. It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harshest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.
Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.
Manufactured and for sale by **WM. BOGLE**, 225 Washington, corner of Summer street, Boston. Sold in Newport by **R. J. TAYLOR**.
A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by **WM. BOGLE**, accompanies each bottle. Aug. 21-1y.

TO THE AFFLICTED.
DR. BANNING'S PATENT LACE 1
An immediate Relief to Incipient Consumption, the Hemorrhitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.
THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griseom of New York, the Faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:
Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently rising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.
Yours, &c. **WM. RANKIN.**
Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.
aug. 23rd
STEPHEN BROOKS, JR.
PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher.
J. W.

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town.

MR. ABRAHAM VANDERBEEK, of 98 Avenue D., New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of Jones' Coral Hair Restorative, he has a good crop of hair, and will soon have it long and thick.
Mr. William Jackson, of 80 Liberty street, Pittsburgh, Pa., certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head, on the top, was entirely bald for 15 years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast and thick, and will soon be entirely restored.
Gray Heads! Gray Heads! Read! I hereby certify that my hair was turning gray, and that since I have used Jones' Coral Hair Restorative, it has entirely ceased falling—is growing fast, and has a fine dark look. Before I used Jones' Coral Hair Restorative, I combed out handfuls of hair daily. **WM. TOMPKINS**, 92 King-st., N. Y.
Mr. Power, a grocer of Fulton-st., had his hair choked up with dandruff, and Jones' Hair Restorative entirely cured it.
Do you want to dress, beautify, and make your hair soft and fine? Read! I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time in order; all my customers preferred it to anything else.
Sold only in New York at 82 Chatham street; and in Newport by **R. J. TAYLOR**.

TO THE LADIES IN PARTICULAR.
MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.
This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at
JULES HAUDEL'S,
120 Chestnut-st., Philadelphia.
And in Newport by **R. J. TAYLOR**, and **B. H. TISDALE**.

MOTHER'S RELIEF.
IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all forlorn and nervous affection. Its soothing and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.
As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.
CAUTION TO PURCHASERS.—Ask for Bannock's Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

Miracle.
ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of **JONES' ITALIAN CHEMICAL SOAP**, in curing Pimples, Blotches, Salt Rheum, Scurs, Erysipelas, Sore Heads, Old Sores, Ears, and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Elham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by

READER! READER!
If you are afflicted with Bronchitis, Asthma, Obstruction of common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try
DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.
Names and residences of persons residing in the city of New York, who have benefited or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:
Mr. Hiram Anent, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.
Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.
Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mrs. Morgan, 162 Front-st., Brooklyn.
Orange county, April 19th, 1846.

DR. EMANUEL.
Dear Sir—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.
Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

MY FAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleans the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Extract soon becomes pleasingly soft and luxuriant in its growth, and it will positively bring in new hair on bald heads by its use; and hair that has been made harsh, and is turning gray or falling out, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Fau Lustral.

It is a preservative against baldness, and an infallible cure in all affections of the skin on the head, as dandruff, and for preventing the falling out of the hair and turning gray.
Evidence.—Nature is an inexhaustible mine, in which experience and study will always find room to excavate; it is that source alone which produces all that man calls invention, and which he would do better, perhaps, to name adaptation.

Coggeshall & Bliss' Patent Cooking Range.
THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public. This Range may be set in the ordinary fire place and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.
Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.
This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.
The subscribers have one of their Ranges in operation at their store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. They also keep constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.
